

Control Panel

MCP-TFH8

**PUSH/PULL or IN/OUT Control Panel**

Standard 2-button Control Panel for under-table mounting

The MCP-TFH8 Control Panel for the TC-Control Box series, is a good choice for a wide range of ergonomic office tables, workstation tables, workbenches, control centre tables, monitor walls and all other UP/DOWN, IN/OUT and PUSH/PULL functions in all applications which includes lifting columns or actuators.

The MCP-TFH8 Control Panels buttons is user-friendly, and offers a Soft-Touch "Click"-feeling by every button press.

With the small size, the MCP-TFH8 can easily be integrated into the design of a worktable or similar applications which includes lifting columns or actuators. The control panel for mounting under the table, are fastened to the table top from below with 2 screws. The connection cable is then led to the control box and plugged in there. Plug & Play!
